

## Breathing Circuit Kits

Compatible with GE Healthcare Anaesthesia Ventilator

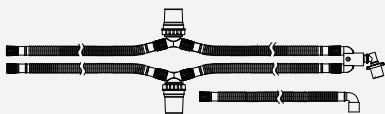

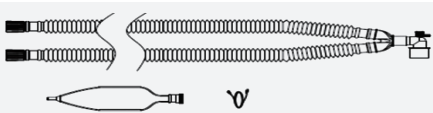

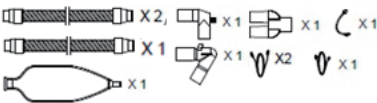

### Order Information

| GE Part No. | Part No. | Configuration                                                          | Box Qty |                                                                                       |
|-------------|----------|------------------------------------------------------------------------|---------|---------------------------------------------------------------------------------------|
| 2096533-001 | 51005119 | Patient Circuit Startup Kit, Adult, Disposable, Expandable, 3m, 3L Bag | 20      |    |
| 2096533-002 | 51005120 | Patient Circuit Startup Kit, Adult, Disposable, Expandable, 3m, 2L Bag | 20      |    |
| 2096533-003 | 51005087 | Patient Circuit Startup Kit, Adult, Disposable, Expandable, 3m, 2L Bag | 20      |    |
| 2096533-004 | 51005122 | Straight Connector, Adult, Reusable                                    | 50      |    |
| 2096534-001 | 51005123 | Patient Tube, Adult, Reusable, Hytrel, 0.35m                           | 10      |   |
| 2096534-002 | 51005124 | Patient Tube, Adult, Reusable, Hytrel, 0.75m                           | 5       |  |
| 2096534-003 | 51005125 | Patient Tube, Adult, Reusable, Hytrel, 0.9m                            | 50      |  |
| 2096534-004 | 51005126 | Patient Tube, Adult, Reusable, Hytrel, 1.5m                            | 50      |  |
| 2096534-005 | 51005127 | Patient Circuit Kit, Adult, Reusable, Hytrel, 1.7m, Water Trap         | 10      |  |
| 2096534-006 | 51005128 | Patient Circuit Kit, Pediatric, Reusable, Hytrel, 1.6m, Water Trap     | 12      |  |
| 2096534-007 | 51005129 | Patient Circuit Kit, Adult, Reusable, Hytrel, 1.6m                     | 10      |  |
| 2096534-008 | 51005130 | Patient Circuit Kit, Pediatric, Reusable, Hytrel, 1.6m                 | 10      |  |
| 2096534-009 | 51005131 | Startup Kit, Adult, Reusable, Hytrel, 1.5m, 2L Bag                     | 10      |  |

## Breathing Circuit Kits

Compatible with GE Healthcare Anaesthesia Ventilator

### Order Information

| GE Part No. | Part No. | Configuration                                                            | Box Qty |                                                                                       |
|-------------|----------|--------------------------------------------------------------------------|---------|---------------------------------------------------------------------------------------|
| 2096534-101 | 51005133 | Patient Tube, Adult, Reusable, Silicone, 1m                              | 25      |    |
| 2096534-102 | 51005134 | Patient Tube, Adult, Reusable, Silicone, 1.5m                            | 25      |    |
| 2096534-103 | 51005135 | Patient Tube, Pediatric, Reusable, Silicone, 1.5m                        | 25      |    |
| 2096534-104 | 51005136 | Y-Piece Connector Kit, Pediatric, Reusable, Silicone, 0.11m              | 100     |    |
| 2096534-105 | 51010527 | Bag Tube, Adult, Reusable, Hytrel, 1.5m with 22 male connector           | 20      |   |
| 2096535-001 | 51005137 | Patient Circuit, Adult, Disposable, 1.8m, Water Trap, PKG of 20          | 20      |  |
| 2096535-002 | 51005138 | Patient Circuit, Adult, Disposable, 1.7m, PKG of 20                      | 20      |  |
| 2096535-006 | 51005141 | Patient Circuit, Adult, Disposable, Expandable, 3m, PKG of 20            | 20      |  |
| 2096536-001 | 51005142 | ABS Startup Kit, Adult, Reusable, Hytrel, Bag Support Arm, 1.5m, 2L Bag  | 10      |  |
| 2096536-002 | 51005143 | ABS Startup Kit, Bag Support Arm, Disposable, 2.0m                       | 10      |  |
| 2096536-003 | 51005144 | Patient Circuit Startup Kit, Bag on Tube Option, Adult, Disposable, 2.0m | 10      |  |
| 2096536-004 | 51005145 | Patient Circuit Startup Kit, Adult, Disposable, 1.8m                     | 10      |  |

\* These are GE approved kits and are included as part as the starter kits for all new GE machines
